Subject: RE: Invited Presentation

Rick knows about the first presentation through Kathy Mitchell's form (I will double check)

VCU audience is MCV Campus (primarily School of Pharmacy) faculty and students.

Need feedback preferably by end of this week or Monday if possible.

Sincerely,

Mohamadi Sarkar

Sure.

- Does Rick know about these 2 presentations?
- What is the VCU audience?
- When do you need my feedback?

Roger

*Sarkar - CBI
presentatn*

- are you giving Wash. pres.?
- do you make changes to Rick?

Dear Roger,

I tried to stop by a couple of times yesterday but you were busy. I wanted to speak with you in person but I guess given our schedules this might be the most efficient means. Could you kindly review this presentation that I am planning to give at a Workshop entitled "Discovering and Validating Biomarkers." on September 29th in Arlington VA by CBI (Center for Business Intelligence). I have also been asked by VCU to give a seminar on my work at PM and I was planning to give the same presentation. Hans has already reviewed it and approves of it without any changes. I would appreciate if you could give me some feedback regarding this presentation. I was planning on sending this to Kevin, at Legal, after your review.

Great job, looks good to me. So why don't you send it to legal and ask Roger, in particular if the schedule is public. How much time do you have? You may need to delete some slides.

Best regards

Hans
